The Equitable's latest form of Tontine policy is a simple promise to pay. The provisions of the contract are clearly stated in the "application," which is submitted in advance to the assurer, and these provisions embody a great variety of special benefits.
This policy is unrestricted after one year; incontestable after two years; and "non-forfeitable" after three years.

THE RIVER PLATE BOOM.

(From our own Correspondent.)

London, Nov. 16th

You will be pleased to receive a report of four columns and a quarter of the meeting of the city of Santa Fe bondholders, who have agreed to the resolution proposed by Lord Basing that the contract ad referendum dated August 13th 1892, be approved subject to such modifications as Messrs. Heinemann's agent in Santa Fe, Mr. Robert, may think fit to make in the definite contract with the municipality. Sir Thomas Farrer, chairman, Mr. Shaw Lefevre and Mr. Stanley Boulter spoke in favour of the resolution which amounted to receiving payment of interest—not capital—in paper at current rates for gold. The great fall in the gold premium improves the operation. There was some opposition but it ended in little numerically, in regard to votation. The report is exceedingly instructive in respect to the feeling here amongst outsiders on the question of gold contracts being liquidated in currency. The present case is not a question exactly of "scaling down."

Nov. 17. There is a boom in Uruguays on the strength of a syndicate offering to buy Baring's securities from the Bank of England at 40.

In regard to the boom in Uruguays the following paragraphs have appeared.

In its Money article of yesterday the *Financial News* says:—

"The Argentine Funding Loan, under the stimulating influence of the fall in the gold premium, opened at 74, the 1886 Loan at 74½; but both declined on realisations to 73 and 73⅛ respectively, leaving a gain of ⅜ and ⅛ for the day. The Argentine Railway Loan of 1881 was marked up 2⅛, several other issues 1, Buenos Ayres Provincial Bonds 1⅛. Cedulas were also in request, the National "B" gaining ⅜, "C" and "D" ⅛, Buenos Ayres Cedulas from ⅛ to ¼. Uruguay Bonds jumped up suddenly in the afternoon, on attempts by a prominent firm to make a large purchase, very little stock changing hands between 37 and 38. The closing price of 38⅛ showed a raise of 2⅛ on the day, and a good many buying orders were left unexecuted. It is currently reported that a large deal is on the eve of completion, which would greatly assist a further advance."

The *Financial News* of this morning says:—

"We understand that the important deal in Uruguayan bonds foreshadowed in the *Financial News* of yesterday was completed late yesterday afternoon. A syndicate of banking and financial houses has taken over all the large blocks of stock held here, and has also bid the Bank of England 40 for the whole of the Baring holding. The Bank of England, however, will not sell at present, and has declined the bid. The syndicate is credited with the intention of advancing the stock to 50, at which price it is pointed out that it will still yield 7 per cent. No doubt, in the present state of the market, the syndicate can do that, and for the shrewd firms that compose it the operation may prove very profitable; but how Uruguay or Uruguayan finance is to benefit by it is by no means clear."

The same paper said yesterday:—

"From the spurt which took place in Uruguay Bonds yesterday it looks as if the negotiation of the Uruguayan Government for another loan had been successful. We mentioned a week ago that, not having, apparently, succeeded with the French syndicate, the Government was privately offering the most tempting terms to financiers in London for a temporary advance of £1,000,000. Of course, the fact that Uruguay promised not to issue any further loans in London for a period of three years dating from August, 1891, has no weight with the Government conscience; but it should make the financiers think twice before they assist Uruguay in perpetrating a new injustice upon the bondholders."

The *P. M. Gazette* of this evening says:—

"The Baring estate and the Uruguayan Bonds.—The liquidators of the Baring estate have, it appears, not closed with the offer of a syndicate to take over the large block of Uruguayan bonds held by them. The price offered was 40, which would have been considered a very good figure some time back, and is 1½ more than the current quotation, but the Bank of England expects a further advance, and will not sell until a considerably higher bid is made. The prospects in Montevideo are said to be improving, and the Bank anticipates that a waiting policy will be justified. The syndicate which made the offer to the Baring liquidators has purchased other large blocks of Uruguayan stock held here.

Nov. 19th—Argentine securities yesterday did not respond in the London market to the sharp decline of the premium on gold in Buenos Ayres. On the contrary, the 1886 and Funding loans after opening steadily gave way in the afternoon on attempts to realise. The seller being discovered, the jobbers promptly lowered the price of the former to 71¾ and of the latter to 71, showing losses of 1¼ and 1½ respectively. To-day they have again recovered some of the loss. You will understand from these Stock Exchange rates that although the public absorbs a certain portion of anything that is 'up,' the operations in River Plate securities are in the main professional.

MUTUAL JOINT-STOCK BANK.

The subjoined project is evidently based on the Schultz-Delitsch system which has been attended with such brilliant success in Central Europe. Mr. Schultz started the first of his Popular Banks in Germany in 1859, and the growth of the system is shewn by the following figures:—

	1859	1887
Shareholders	18,700	426,300
Capital, £...	370,000	5,030,000
Discounts, £	620,000	39,400,000
Deposits, £...	400,000	21,400,000

In 1887 there were in Germany and Austria 2,200 of these banks. They be onged wholly to the tradesmen and working-classes, and began with small capital, like those recently formed a Mercedes, Azul and Ayacucho.

The following letter alludes to the project as first mentioned last week in one of the evening papers:—

Grand Hotel,
Buenos Ayres, Dec. 12th.

To the Editor of the STANDARD,

Dear Sir,

Having arrived per s.s. Magdalena and knowing very little Spanish my letter to the *Diario* was translated by a friend, and some passages failed to convey exactly my ideas, which I will endeavor to put down briefly as follows:—

1st.—The "Banco de la Nacion" is, in the opinion of any man with a little common sense, the most absurd creation in Banking system ever known in the world, and the first Bank established with an inconvertible paper-money issue.

2nd.—It ought to be transformed into a private company.

3rd.—No money will be subscribed in this country for the purpose, simply because money gets in mortgages and "pactos de retroventa" 12 to 18 per cent and in farm-business 20 per cent.

4th.—No money will be subscribed in London, Berlin or Paris if the Government has the slightest interference in the administration or even in appointing the chairman.

5th.—Foreign capital will keep away from any bank scheme which has a concession from the State, because experience proves that laws and concessions are often interpreted in favor of Government interests, and the rights given by previous laws are taken away by a simple decree.

6th.—Government and Congress are apparently adverse to foreign banks, the profits of which are taxed, against constitutional principles.

7th.—By the system I recommend the management of the bank will be in private hands.

8th.—If at present under Government administration the bank has received in less than a year 30 millions of deposits we may conclude that in private hands the deposits would reach 100 millions; that is on the mutual system, every depositor being entitled to receive, not only the proper interest, but also a participation in the profits of the bank. These profits might be distributed in monthly prizes drawn by lot, on the French system.

As far as I can see the Banco de la Nacion has made its profits with only 10 millions of issue and the deposits, keeping a staff sufficient to manage the Bank of England, or the Bank of France.

In conclusion I recommend the total extinction of the new issue of 50 millions by degrees.

Yours truly,
James Nobody.

MAILS FROM CHILE.

PORT-SCHEME £2,000,000 STERLING.

Valparaiso, Nov. 26th.

A project is under consideration for improving this port. It is proposed to build a breakwater 1,440 yards in length, for the protection of vessels against "Northers," and wharves for the use of large vessels, of a total length of 1,730 yards, besides four large jetties, each 110 yards long by 80 wide, for the discharge of cargo.

It is claimed that the result of these improvements would be a surface of 290 acres of water protected from the winter rollers; and 3,030 yards of wharves for the discharge of cargo, not counting the surface of the breakwater which might be used for a similar purpose. Also a dry dock capable of holding vessels of 530 feet in length.

The estimated cost is as follows:—

Breakwater	£1,560,000
Wharves.....	220 000
Jetties	190,000
Dry Dock.....	210,000
Total.....	£2,180,000

With incidental expenses this amount would probably be increased to something like £2,700,000 sterling.

The execution of the four bandits sentenced for the Peral murder took place in the Santiago Gaol, on Saturday at 8 a. m. At the last moment, the fifth prisoner, Romero, was reprieved, owing to his confession which led to the apprehension of the other guilty ones, and his sentence commuted to imprisonment for 20 years. By seven o'clock a large crowd had gathered in front of the Penitentiary, and it is said that five hundred persons obtained admission to the building to witness the execution. At this hour the condemned men attended Mass in the Chapel. At eight the procession was formed, Constantino Cofré leading, followed by his brother, Epinio, and then came Nieres, followed by Miranda. Constantino Jofré and Nieres were ghastly pale, and repeated listlessly the responses of the priests by whom they were attended. On the other hand Epifanio Cofré and Miranda stared about them in a defiant manner, and paid little attention to the exhortations of the priests. On arriving at the fatal benches the brothers Cofré gave each other a strong grip of the hand, but spoke not a word. Nieres asked permission to speak, and the request being granted, he said that he had been condemned unjustly, but admitted that he had been drawn into the sad position he occupied by gambling and drink.

When Nieres had concluded, the executioner proceeded to bind the culprits to the benches and to bandage their eyes. Constantino Cofré, however, drew a handkerchief from his pocket, and bandaged his eyes himself. Twenty men of the 1st of the Line then advanced, five in froct of each culprit, and as the priests withdrew, still continuing their exhortations, the officer in charge lowered his sword, and a volley rang through the yards and corridors of the building and was distinctly heard by the crowd outside. The "golpe de gracia" was then given to each culprit, and in the case of Miranda, who still showed signs of life, it was repeated.

MAR DEL PLATA.

As it would seem that everybody who is anybody will be going to Mar del Plata this year, it may be of interest to your readers to let them know some of the preparations that have been made for the reception of visitors. To begin with, the Southern Railway have greatly improved the line itself by the addition of a larger proportion of wooden sleepers, so that even in the old coaches scarcely any jolting is now felt; and they have also bought no less than ten Pullman cars, built on bogies, which run so smoothly that one might imagine himself in his own house. Return tickets, including bed, cost only 30 dollars, which may be considered very cheap, especially as they hold good for return up to April 30, 1893.

The Bristol Hotel will not open till the 20th, as the repairs and improvements are not yet completed.

The Grand Hotel is open already, under the able management of Mr. and Mrs. Scally, and till lately it was occupied principally by honeymoon couples. The patios are one blaze of scarlet with roses, geraniums, and perlargoniums. The charge is seven dollars a day, not including wine—of which the less said the better.

The Hotel de Roma has added another story, decked itself out in plaster, and changed its name to the Hotel de Londres. The Progreso is also stirring out, and has built a number of new bathing-boxes. But the principal bathing will, I think, take place this year on the North strand, where a large structure, including a pier, pavilion and collection of dressing-rooms has been erected at a great cost and with passages cut in the "barranca" leading down towards it. To ensure its success Calefatti, the bathingman, has been specially engaged at an enormous salary to take care of the ladies, so that there is a possibility of the former "plaza" being deserted altogether. It is certainly much safer to bathe at the north side where, as there is no current, accidents are out of the question, and where anyone can wade in for half a mile without losing his depth. The value of land has gone up very much at the north side in consequence of these changes, and gone down to a corresponding extent at the South bay—or as it is now generally called by the inhabitants "la bahia de los ingleses."

The bathing-men who hire out "casillas" have formed a combination this year to increase their charges, so that now each bath is to cost a dollar, and with the addition of a "salida de baño" quarter as much more. For this reason it would be nearly as well for people who are about to stay for any length of time to bring their own bathing costumes, towels, "salidas", and if possible their own "casillas." The "cocheros" are also on the pounce, and may be fitly described as roaring lions going about seeking whom they may devour. Anyone inclined to riding or shooting will find it economical in the end to bring his own horses and "volants."

The fishermen have done badly during the year and complain of the want of a safe harbour so as to be able to enter and leave in all weathers. Up to the present they have only been able to go out two or three days in the month. One of these men lately picked up a number of Remington cartridges on the Leach, which may possibly have once belonged to the ill-fated Rosales. Though much worn on the leaden portion by the action of the sea, the cartridge itself on trial was still found to be good, which speaks well for the manufacturers.

The excursion this week has been a great success, and Mar del Plata may now be considered as only eight hours from Buenos Ayres. It is a pity the night trains cannot go at the same rate, or at least something approaching it, during the season. Were it not for the tediousness of the journey, I feel certain twice the number of people would visit this charming spot, which, given fine weather, a few books and a good stock of shinplasters, may be described as an Argentine paradise.

Great Scot.

PROVINCIAL NEWS.

Mr. Julian Gray, one of the staffmen of our contemporary the *Nacion*, writes a very amusing account of a trip to Bolivar, the scene of the recent sanguinary affray between the evicted "chacareros" and the police. He had a very hard time of it in the diligence and a still harder time of it in the "fonda" or hotel in Bolivar. He arrived at night and smelt gunpowder in the air, which, we suppose, is equivalent to "smelling a rat." He immediately proceeded to try and get the cat out of the bag in regard to the recent disturbances. But this was no easy matter. After a world of bother he managed to obtain an interview with one of the leaders of the evicted chacareros. The interview took place in a shady and secluded spot, far from the searching eye of the police. The leader, who was accompanied by two young men armed to the teeth, was accoutred in bandit fashion—a rifle over his shoulder, a large knife in his belt, two revolvers, a bullet-belt with Remington bullets. We suppose the artillery was not far off. The armed, evicted and bandit-looking chacarero is described as an honest hardworking fellow, who is determined to have the rights of his fellow chacareros individually and collectively respected by the authorities. The "chacareros" are evidently men of mettle, and the authorities know it.

Pressmen have a hard time of it in the provinces. There appears to be no respect for the energetic representatives of the fourth estate, but it is a consolation to think that so long as this want of respect continues, the opinion of the world will be against the ruthless persecutor. In San Luis the manager of the *Defensa*, a diminutive organ with a loud voice, was made the victim of the resentment of the local police, who, puzzled at a latin quotation in an article, saw in it a malicious insinuation and immediately pounced on the luckless manager and threw him into prison. This sort of thing is so common up country that it can hardly be classified as news.

Telegrams from Santiago del Estero report some excitement in that roasting spot, owing to the Junta Calificadora having refused to give up the electoral registers, which, according to law, should be published. The object of publishing the registers is merely to enable the contending parties to protest against false inscriptions. Dr. Costa has ordered the Junta Calificadora to give up the registers, and the Junta have refused on the ground that the law provides that the registers must be copied before they can be published. In the meantime the Chief of Police has expressed his intention of immediately seizing the registers. However, nobody but the Junta knows where the registers are. This register-excitement appears to have increased when the news reached Santiago that Minister Quintana had resigned. The Intervenor could hardly believe it at first. People rushed to ask him what he thought would be the result of the Minister's resignation. Dr. Costa replied that at so considerable difference from the Buenos Ayres clubs and in the midst of such terrible heat he could not positively say, but he was inclined to think that Minister Quintana's resignation would involve "graves conflictos." We hope not. Things will probably have settled down by the time the perspiring and amiable Interventor gets back to the Tempe valley of San Isidro.

The Rev. Dr. Smith A. M. will preach on Sunday 25th inst. at noon, at the residence of Mr. John Young, Galpones.

APPEAL TO IRISH ESTANCIEROS.

The Ladies of the Boys' Orphanage are in want of 500 kilos of unwashed wool to make mattrasses for the orphanage.

So many of our kind countrymen in the camp are now selling their wool that the Committee expect they may be saved the expense of having to buy the wool in the market, and that one or more estancieros may give an order on their broker for the 500 kilos, individually or collectively for which they will receive the thanks of the Committee and the prayers of the orphans.

THE ROSALES AFFAIR.

The "sumario" of this lamentable affair still drags its slow length along. There is, however, a new feature about the business which deserves notice. The Commander of the ill-fated vessel, Captain Funes, who is under arrest, has charged the Fiscal with partiality. This circumstance leads to the suspension of the "sumario" until the Government decide what has to be done. The charge of partiality is conveyed in the following note from Capt. Funes to the Fiscal, Capt. Lowry:

Corvette La Argentina
Dec. 10th '92

Mr. Fiscal,

I, Leopoldo Funes, in the "sumario" which is being drawn up in regard to the loss of the Rosales, state:

That I have waited until now for the Fiscal to summon me to question me, in order that I might seize the opportunity to refuse to accept you as judge in this affair. This opportunity has not occurred and will probably not occur. I now come in legal form to express my refusal to accept you as my legal judge and beg you to submit my application to Government for approval.

The reasons for my application are: (1). Your enmity towards me, which I can prove. (2). The delays which have so frequently occurred in pushing forward the "sumario," delays which have prolonged the arrest of persons who are merely witnesses and are not accused.

Captain Funes, moreover, wrote a letter reiterating the foregoing statements to the Chief of the Estado Mayor de Marina, Capt. Rafael Blanco.

SANGUINARY AFFAIR IN ZARATE.

On Wednesday night last a collision occurred between a party of sailors from the Arsenal and some soldiers of the 3rd Artillery and 9th Battalion. It appears that the sailors had been entertained at a dinner by their second commander Capt. Damizio, on the occasion of his birthday. The soldiers already mentioned cried out: Down with the sailors! Death to Damizio! A row immediately ensued; cutlasses were drawn, rifles fired and bricks indiscriminately thrown. The row was reported at the barracks; a captain and a lieutenant immediately set out to quell the disturbance, but the soldiers would not listen to them. One of the officers actually received a brick on his arm, whereupon he drew his revolver. This energetic attitude caused the sailors to obey and follow him to the Arsenal. The list of casualties was six more or less dangerously wounded.

Dr. José M. Agote, who lives in front of Capt. Damizio's house, states that he heard the music and cheers, which suddenly ceased and were followed by a most fearful row. He went out and saw about nifty people.

Commander Valdez, brother of the adjutant who was wounded in the fray, states that his brother and Lt. Wilson were with the sailors when the collision took place, and that Lt. Wilson fired off his revolver, which was the signal for battle.

The local police-commissary states that the sailors, who were 30 in number, were armed with cutlasses and revolvers, while the soldiers were unarmed and defended themselves with bricks. He says that Adjutant Valdez and Lt. Wilson were not of the party. These two officers came on the scene when they heard that there was a fight going on.

The authorities are drawing up a full report of these shameful proceedings.

THE BUENOS AYRES WATER SUPPLY AND DRAINAGE COMPANY LIMITED.

A general meeting of the holders of the Six per Cent. Preference Shares in this Company was held on Tuesday to consider a Report and authorise the liquidatior to apply the Funded Loan Bonds as recommended. Mr. H. R. Grenfell, who presided, in opening the proceedings, said that for the purposes of the concession they made two bargains—one with the Argentine Government and the other with the contractors. They agreed to finish the works without incurring any further expense, but they had found to their cost that, while on the one side the Government were willing to stretch the law to the utmost in their dealings with the Company, the state of affairs with the contractors rendered it impossible for them to enforce the completion of the work. The first proposition was that they should accept that which they had reason to believe would be offered by the Government—that they would deal with a contractor who would accept the liabilitie if the Company would pay something out of their Bonds to the new contractor. According to the company's contract with the Government and Messrs Hale they were to receive Bonds for £6,324,000 of which £2,726,000 to the holders of Debentures, and £588,000 to the contractors for the completion of the works. That sum had proved insufficient, and it had been proposed that they should hand over to Mr. Medici the two Coupons in their possession, amounting to £160,000 in paper. That sum would be sufficient to enable him to finish the works with a fair amount of profit. They would in the future have their £10. 5s Bond to be redeemed by drawing in thirty-seven years in exchange for their £10 Share; but they would have taken away from them two old Coupons due in January and July last. He moved that the liquidator's Report be adopted, and that they should be authorised to apply the Funded Loan Bonds for the purpose stated. Mr. G. W. Drabble seconded. Mr. Baker moved an amendment to the effect that the Preference Shareholders of the Company agreeing to the proposal made be the liquidators, only did so upon the distinct understanding to be embodied in a paper to de drawn up and approved by Messrs. Bumpus, Bishop, and Co. The Stock delivered dy the Government, free from any liability, within four months. The Chairman said he was willing to accept the amendment, which was accordingly put and carried unanimously.—*London Exchange.*

BRITISH CENSUS.

Mr. Editor,

1. Have the results of the census taken in the United Kingdom in 1891 yet appeared, if so what were the figures?

2. What is the usual time taken for compiling the grand result, from the date on which the census is taken?

Aspercard.

Ed. Note.—The preliminary report was published in August, 1891, and the figures compared thus:

	1881	1891
England.....	26,613,926	27,482,104
Wales.....	1,360,513	1,518,914
Scotland.....	3,735,573	4,033,103
Ireland.....	5,174,836	4,706,162
Total.....	36,884,848	37,740,283

We cannot answer the second question.

GOOSEBERRIES.

Mr. Editor,

I can assure you that prime gooseberries have been produced in various gardens in this town for the last seven years, real "hairy grossets", same as many a youth like myself, long ago, got the promise of "gin tha fair" in Glasgow.

In several estancias round about they are grown under the name of "Uvas Inglesas", and are a most delicious fruit.

Yours truly,
Balcarce, F.C.S.

CONGRESS.

THE DEPUTIES.

The Lower House met at 4 p.m. A note from the Executive about the Argentine Mauser rifle being adopted for the army was read; and it was approved "sobre tablas."

The House gave permission to Deputy Arias to absent himself during the rest of the session, but refused to entertain any similar applications.

The House then voted the Estimates for Congress and the Interior department with some slight changes, and rose at 6.45 p.m.

EDITOR'S TABLE.

The principal news yesterday caused dizziness in tramway circles. The new Lord Mayor has discovered that several tramway companies owe the Municipality the gasping amount of $750,000 for work done in the paving line; and his lordship means to have the cash. No doubt the companies will fight like Titans to keep it.

The preliminary Chicago Exhibition was opened yesterday in Duran's saloons. The Finance Minister, Dr. Romero, represented the Government. The street was blocked with the "plebs" looking at the Hong-Kong Sheebang, the electric light, etc., etc.

President Peña issued a decree yesterday, appointing Dr. Anchorena Home Minister "pro tem," till Dr. Bermejo's health improves.

Last night of the Quilmes Church Bazaar! We are authorised to state that every preparation has been made to give increased variety to this already successful Bazaar and fete: French Racing Game, Minstrelsy, largely increased illumination and other attractions will be added. We call attention in another paragraph to the enormous "rifa." Many of the articles in this are valuable, and the majority are imported goods, useful and ornamental. The dollar tickets are obtainable at all stations and available by all trains. The 3.30 p.m. will be the train to which special coaches will be attached. Omnibuses will meet all trains after and including the noon train from Central. The Bazaar will be open from one o'clock until 10.30 p.m.

The time-honoured Santa Lucia fetes began on Monday and were in full blaze last night, when the Corso in Montes de Oca Avenue was brilliantly lighted and largely attended. There was a sound of revelry everywhere, as "tertulias" were going on in every second house. These Santa Lucia fetes are the solitary good, old-time custom left in the city. The Moloch of falsely-called Progress has ground all the others to powder; and more's the pity.

We have much pleasure in saluting Mr. Frank Townsend, of the well-known shipping firm of Messrs. Townsend Brothers, London, who is passing through our city on his way to the Falkland Islands.

Our old friend Chevalier Hairby has brought out this time in the Wordsworth a goodly number of passengers. Pressure of matter compels us to hold over the mails till to-morrow.

A shocking murder was committed a few days ago at Quilmes. A gardener named Flanagan, who had just received his month's wages was attacked by 8 Italians: he kept them all at bay with his stick until one stabbed him in the back. No sooner was he overpowered than they stabbed him in a dozen places and left him for dead, but he survived a couple of days and died of gangrene.

Mr. James Bell and a few friends left yesterday morning at 6 o'clock on a pleasure excursion to his fine estancia of Martin Chico, near Colonia.

Some of our readers are of opinion that the Central Argentine Railway ought to issue cheap summer tickets to Capilla del Monte and Cosquin, available for 90 days, in conjunction with the North Western Cordoba Co. The scenery, woods, mountains, bathing &c. offer a great attraction in the hot summer months: the temperature up there is quite cold.

We recommend the rising generation to lay forcible hands on papa and mamma and lead them into the "Gran China" in Calle Piedad. Such boxes, baskets and gorgeous packages of sweets and cakes the Emperor of China himself has never received as Christmas presents, although he is a Cousin of the Sun, Moon and Stars. Go and see them before they are all gone.

We publish a breezy letter from breezy and briny Mar del Plata in another column. Our carrier-pigeon tells us that he was there on Sunday with a lot of other members of the Fourth Estate who played first fiddles in opening the Pearl of the North bathing place and bottles of Champagne to its success. They all declare it a model bathing place in which it is impossible to get drowned, no matter how hard one may try. In addition to 250 bathing boxes for the salty sea, there are fresh water baths, restaurant, ladies' dressing-rooms, barber's establishment etc. etc. The proprietors are Messrs. Vivot and Co., who have met a long-felt want.

We have no hesitation in agreeing with our correspondent "Litera Sciens," who deems it necessary, "in justice to myself as a member of English society here," to remind us that Messrs. Jacobsen's book store, opened in 1870, is the largest and highest class establishment of its kind in South America, and has deservedly enjoyed the patronage of the English public for the last 22 years. We rocked Jacobsen's business cradle, as we have rocked that of every enterprise in the Plate—from bookstores to banks.

The so-called revolution in Rio Grande, about which so much fuss is being made, appears to be simply one of the never-ending militayy mutinies. In three years this Brazilian province has had no fewer than eighteen Governors.

The performances at the San Martin Theatre have been stopped till Saturday, in order to bring out the new play "El Rey que Rabio" with a gorgeous completeness never before seen in this city.

An "Overworked Clerk" writes asking us to use our influence to obtain holidays on the days following Christmas Day and New Year' Days, which fall on Sunday. All work and no play makes Jack a dull boy, and we gladly advocate the views of our correspondent. A holiday without a Government decree would be of little use, but employers might allow half their staff to absent themselves.

The Sisters of Mercy gratefully acknowledge large presents of cakes for the Orphanage from Mrs. P. Ham and Dr. O'Farrell, also a box of beautiful prizes from Mrs. James Harrington.

A great feature at the Quilmes Bazaar to-night will be the monster Raffle at Stall No. 4 (Corridor). Its value will be about $1200. Already some hundreds of tickets at $2 have been taken. Every ticket holder will receive a prize, ranging in value up to $50. As many distinct articles will be drawn for as tickets are taken. Some idea of the wealth of articles exhibited may be formed when we state that there remain many other valuable articles, after the monster raffle is provided for, at this stall. The raffle for the celebrated Belleek China service, which was raffled at the Hospital Bazaar for $1,500 and unclaimed, is nearly closed, and will be pulled off to-night.

So light is the spider's web that a pound weight of it will reach round the earth, and leave enough to stretch from New York to Liverpool. Anyone can test this for himself.

Our friends who purpose attending the Quilmes Bazaar to-day will find among the many attractions there an entertainment given by some celebrated amateur "singers" (not Whieler and Wilsons) who have just arrived by the Clyde. We will not divulge their names but leave them to be recognized by the enquiring and curious visitor. Enquire for, "Our Boys."

"I just went out to see a friend for a moment," remarked Job to his wife as he returned to his seat in the theatre. "Indeed," replied Mrs. J. with sarcastic surprise. "I supposed, from your breath, that you had been out to see your worst enemy." Job winced.

Apropos of the choice of an ivy leaf as an emblem by the Parnellites, it is confidently expected that the anti-Parnellites, not to be outdone, will issue a manifesto ordaining that their followers shall at once adopt as their floral emblem a Healy-o'-trope.

The Petrarch who sent us yesterday a tender advertizement for his Laura would oblige us by sending for the money he enclosed with it, otherwise we shall hand the cash over to the Boys' Orphanage.

The Post Office receipts for September, October and November show how well that department is now managed, and are also an indication of the returning prosperity of the country. The increase in the three months over the same quarter last year is $85 352.

The Lord Mayor has sent a Circular Note to all the newspapers, asking them to help him to induce the public to try and preserve the trees planted in the streets, which are often so wantonly destroyed. We're with his lordship in the matter, but at the same time assure him that the Goths, Vandals and heathens who do the mischief are not to be found amongst the English-speaking communities.

A subscriber who has been to that lovely spot Capilla del Monte in Cordoba assures us that it will be *the* summer and health resort of the future, especially for British and other foreign residents, who enjoy magnificent scenery, blended judiciously with climbing mountain peaks, bathing, riding, picnics, etc. The elevation is 3,000 feet above the sea, 2,000 feet above Cordoba, and 1,000 above Alta Gracia. There is always a cool breeze in summer, never a sultry night; yet the thousands of palm trees give a tropical appearance to the enchanting scenery. The hotel accommodation is tip-top. Those wishing for a direct and quick reply as to quarters, prices, etc., have only to write to "Capilla, Casilla de Correo 80, Cordoba."

The bathing season at Pocitos has now commenced, but as yet precious few Argentines are to be seen disporting themselves in the mighty Plate. No doubt, a few will turn up later on. The bathing establishment has been entirely renovated, and the new hotel is really well worth a visit. Hotel, tambos, hairdressing rooms, refreshment houses, etc., are now all open to the public. Mr. John Adams, the English contractor, has built a very commodious and well-arranged hotel. Cheap and good seems to be his motto.

Whew! It turns out that the cost of sending the Admiral Brown and 25 de Mayo to figure in the high jinks at Palos and Genoa has been £9,000 per month since they left here. This is a very high price to pay for such whistling.

Mrs. Michael Mulhall thankfully acknowledges for the Boys' Orphanage:—Mr. John Ryan 1 pound sterling, Mrs. Shaughnessy 7$, A Thanks offering 5$, A friend of the Orphans 100$.

All our colleagues seem to have gone "off their heads" about the supposed arrival of Jack the Ripper in the Plate, and they locate him in Montevideo and here according to fancy. We should say that the true version of the case is the following, from the *Montevideo Times*:—"The *Dia* of yesterday afternoon appeared with a sensational cock-and-bull story to the effect that Jack the Ripper was suspected to be in Montevideo, the British Legation having given the police his description and informed them that it was believed he had left England for the Plate some weeks ago. The *Dia* adds that it is considered certain Jack the Ripper was here some three years ago, calling himself a doctor and moving in the best circles, also that he has been married in three different countries and each time has disposed of his wife in the manner which has made him famous. Lastly, the *Dia* says that the police here have record of an individual who closely corresponds to the description furnished them. We need hardly inform our readers that all this story is a pure invention, nothing being known of the matter in the British Legation. Moreover, as the identity of Jack the Ripper is still entirely a matter of conjecture, the London police could not very well give a close description of him, and if they were so closely on his track as is related above they would probably have caught him before now. It seems to us that the *Dia* has made a 'rechauffe' of some of the incidents in the career of the murderer Deeming, who was arrested here on arrival in the Coleridge, and passed them on to Jack the Ripper." Our colleagues here and in the Mount have jumbled up Deeming and Jack the Ripper in a very laughable way. The late lamented Deeming passed as "Harry Lawson" when he was extradicted from Montevideo three years ago, and now this alias has been transformed by our B.O. colleagues into "Merry Lesson" and applied to an imaginary Jack the Ripper.

The Recoleta Cemetery horror of a couple of months ago has ended in the dismissal of the manager, the capataz and a grave-digger. The former is to be introduced to a Criminal Judge.

The "Mesajerias Fluviales" Company have just launched a steamer called A.B.C. they have built in their works at Salto. She is intended for carrying the passengers of the Helios when the river is too low to allow of the large vessel coming along side the m

ON 'CHANGE.

Tuesday, December 13th 1892.
Gold Premium.
FIRST RING..... 182 70%
SECOND RING..... 183.00%

The gold market continued very steady this morning. Half a million gold dollars changed hands for cash this morning; the premium opened at 182 %, rose to 182.80 %, and closed hard at 182.70 %. A small business was done at firm rates for the end of the month; the premium rose to 183 % at one moment, closing at 182.70 %, same price as for cash. Operations for the 15th show that the bimonthly settlement will be a tight struggle; the price was firm as a nut at 182 80 % premium. Speculation for the end of January closed at 180 % premium. About one million dollars changed hands during the first ring. The announcement that Dr. Bermejo had finally accepted the portfolio of the Interior produced an excellent impression on 'Change, but there is no longer the same enthusiastic hope of improvement in politics, and the wide-awakes do not believe that the Cabinet can last long.
Nothing was done in Patriotic and Internal Bonds; they slipped the notice of the market this morning. Catalinas put in a forlorn appearance at 8.20 to 8.10; only three hundred shares were sold; Municipal Consols were weak at 68.20 and La Plata Cedulas tottered at 27.80 to 28. All stocks and shares were exceedingly dull.
Exchange continued weak at current rates. Discounts showed no change. Cheques of the Provincial Bank fell to 39% discount; those of the National Bank closed at 14% discount. Bonos of the La Plata Mortgage Bank closed at 19% of their face value.
The following is a summary of the business effected at the first ring to-day:—

$ 496,350	gold cash

Gold medals have been awarded by the Board of Trade to Domingo Raffo, master, and Ernesto Bartolazzi, engineer, and silver medals and a sum of money to Geronimo Traverso and Angel Promone, seamen, of the steam tug Plata, of Montevideo, in recognition of their gallant services in rescuing the crew of the barque Kaffir Chief, of Banff, which was wrecked on the rocks near Montevideo on September 20 last.

The following were the arrivals of produce at the Plaza Once from 3rd to 8th inst. :—

Wool 164,190 kilos, sheepskins 6,378, cow hides 9,094, potro hides 298, nonato skins 34, lambs skins 120, calves skins 10,250, hair 2,900, maize 761,600, wheat 927,150, barley 12,380, turnip seed 12,600, alfalfa seed 5,350, linseed 5,680, fine wheat 4,300, fine bran 4,800, rebacillo 8,380, bran 131,600, potatoes 32,600, flour 87,210, hay 1,090,000

Arrivals at the Central Produce Market from 3rd to 7th inst. :—

Messrs. Sanchez Viamonte and Co. give in their important circular the following prices of native sugar in this market :—

" " 1ª	10 ks.	4.30

Gold ruled firm at the second ring; about seven hundred thousand dollars were sold, the premium closing at 183 ⅝ for to-morrow and 15th, 182.80 ⅝ for the end of the month, and 181 ⅛ for the end of January. Municipal Consols fell to 66¼, but managed to close somewhat firmer at 66.20. La Plata Cedulas were flat all round at 27.80.

The following is a summary of the business effected at the second ring to-day :—

Mr. Edward Power, the well-known wheat buyer, was welcomed to-day on his return from Europe. Mr. Power arrived in the Wordsworth after a most pleasant passage, as is invariably the case with the genial commander Chevalier Hairby. Messrs. Milburn and Townsend were also welcomed. Mr. Power leaves shortly to inspect the Santa Fé wheat colonies.

Messrs G. Kelsey and Company sold to-day at the Central Market the following wools :—

Kilos.	From		$
8,000	cross-Lincoln	Chacabuco	8.00
2,000	lambs' wool	Las Heras	7.00

Messrs. Duggan Bros sold this morning at the Produce Market 5,000 kilos special Lincoln wool from Mr. Hugh Nelson's estancia in Junin at $9.80 the 10 kilos. This price shows the superiority of Mr. Nelson's sheep.

Public attention is at last called to the outrageous imposition of taxes on our private banks, and it is to be hoped that Dr. Romero will use his influence to have this great abuse reformed, since otherwise private banking in the River Plate can never again hope to flourish. In the Budget now passing before Congress the 10% tax on the profits of the banks is under discussion, and severe as is this tax on our city banks it is doubly more so on our country banks, which have to pay not only Municipal taxes in the towns where they are situated, but also a tax to the Provincial Government in La Plata; for instance, the Banco Comercial de Azul, started on local capital in the year 1889, pays the following taxes :—

1st—Heavy patente.
2nd—1% trimestral on fixed deposits.
3rd—Heavy estampillas, much heavier than in B. Ayres; for instance, the stamp on a cheque for $50,000 in Azul is $5 and in the city of B. Ayres it is but 5 cents.
4th—Various Municipal taxes.
5th—1% to Provincial Government on profits (formerly this tax was 10%)
6th—10% to National Government on profits.

Private banking in the River Plate is of course impossible when there is such a greedy system of taxation, and we think that for the small banks in the country towns the National Government should waive the 10% tax on the profits.

Saturday's *Railway News* says :—

"The receipts this week for seven principal Argentine railways aggregate £67,855 on 4,061 miles worked for revenue account, compared with £54,089 and 3,663 miles in the corresponding week of 1891, the increase in money being £13,376, or 25.5 per cent, and in length of line 398 miles, or 10.9 per cent.

"The receipts per mile of line were £16.14s.0d., compared with £14.15s.4d. in 1891, an improvement of £1.18s.8d. per mile in 1892, equal to 13 per cent.

"The value of the £ sterling was approximately $18.70 in 1891 and $14.10 in 1892, the appreciation in currency being nearly 33 per cent in the present year.

"The Central Argentine takes the lead with an increase of 77 per cent per mile, while the Pacific shows 38 per cent better per mile, the Buenos Ayres Western 30 per cent, the Ensenada 25 per cent, and the Rosario 20 per cent. The Great Southern with its high proportion of new mileage is £4. 3s.3d. per mile below last year's level, and the Argentine Great Western is also lower than in the previous year, due doubtless to the interruption caused by the inundations in the latter part of November.

"The Central Uruguay line has overtopped the last year's level by 16s. 1d. per mile, so that it seems reasonable to suppose that the Uruguayan lines are beginning to feel a moderate return of prosperity."

We take the following from our London colleague *The Financial Times* under date London Nov. 15th—:

"At last the B Ayres gold premium has broken 200, the quotation being sent over at 199½ per cent., a refinement that has caused much amusement in the House, where it is suggested that the integer was split in order to settle a number of bets. Private advices give the figures as 199, which would be a fall of four points. Argentines were very strong on this, the Funding advancing to 73¼ and the 1886's to 74¼. The close is rather easier, the Funding at 72¾ and the 1886 issue at 73½, or rises of 1½, and ¾ respectively on balance. Allowing for accrued interest the Funding is now actually ahead of the 1886's. The various Cedulas issues have also advanced sharply, Series "B" rising 1½, while gains of ½ are registered on "A," "J" and "P." Amongst the Railway stocks, Central Argentines have risen ½, to 73, and Rosarios have recovered the point lost on Saturday. In sympathy with Argentines, Uruguays have advanced ½, to 36. Brazilians have been in favour, the Rio exchange having advanced to 13½d per milreis, and a rise of ½ is recorded."

Paper Money.

Projectors every now and then start up with plans for curing all the economical evils of society by means of an unlimited issue of inconvertible paper There is, in truth, a great charm in the idea. To be able to defray the expenses of government without taxation, and, in fine, to make the fortune of the whole community, is a brilliant prospect, when once a man is capable of believing that printing a few characters on bits of paper will do it. The philosopher's stone could not be expected to do more.

The substitution of Paper for metallic currency is a national gain: any further increase of Paper beyond this is but a form of robbery.—*John Stuart Mill on Inconcerable Paper Currency.*

Paper Money properly means paper made legal tender, and not legally convertible into gold, or anything else, at the pleasure of the holders, or at any given period No part whatever of the value of such paper money is derived from confidense. It circulates because it is made legal tender, and because the use of a circulating medium is indispensable; and its value, supposing the demand to be constant, is in all cases inversely as the quantity in circulation.—

Important

SALE OF LAND IN MENDOZA

One of the largest sales of first class land ever offered to the public.

The portion of land offered contains 71 square leagues, 625 thousandth, or 179 062 hectereas of rich pasture land in Mendoza, in the department of 25 de Mayo (late San Rafael), bounded by the river Diamante and surrounded by large and important cattle establishments such as Dr. Jose Vicente Zapata, Segura, Comandante Salas, Calderon and others. The place contains large tracts of valuable woods. Situated only 10 leagues from the town of San Rafael in the direction of Buenos Ayres, within which area and bounded by both borders of the river, are situated the largest and most valuable rural establishments which this rich department possesses, such as Sres. D. Juan Francisco Garcia, Daniel Gonzalez, Cura Marcos, Fabian Correa, Emeterio Garcia, Julio Balofel, Cuadro Nacional, Isaac Espinola, Pablo Zorilla, Arcadio Calderon and many others; there being also large and important mills worked by water-wheels which obtain their power from the same river.

The land marks are:—North by Estancia La Chica of Don Isidoro Calderon, Rosa Salomen, Augusto S. Gil. South: by the river Diamante, the "testamentaria" de Don Diego Alvear and an English Company. West: by D. Emilio Godoy and Engineer Rojas. East: by William Margau and Doña Nicolasa Ortega de Passo.

The land has been surveyed and land marked judicially by the engineers P. N Gumazu and E. Quiroga, by order of the judges of 1st instance, Drs. Orrego and Ruisuarez, with a railway in construction by Messrs. John G. Meiggs Son & Co., which runs across this fertile zone.

With $90,000 in Cedulas C Nacionales. The land will be sold in large and small lots, with the lowermost base of

70 cents the hectare!!!

To be bought without cash!!

There are also large valleys and cañadones capable of holding abundant water from rain-falls, besides that which is found in the Laguna del Toro which is situated north and the river Diamante to the South. These lands have also an irrigation concession granted by the Government and embodied in the titles.

The land is rich with a heavy stratum of alluvial soil, and benign climate. It is situate in parallel 34 and 35 which is known to be the zone in which the vine grows most luxuriantly and yields most abundantly. The water on the land is all sweet and wholesome and the camps for the most part high. It may be noticed that the camps by which this is bounded and which are without any of the favourable conditions of this that is to say without a railway and without frontage to the river, have been recently sold for three times more than the price at which this is offered as a base of sale.

On Wednesday 14th and Thursday 15th of December

at 3 o'clock in the afternoon

In my rooms

366--PIEDAD--566

Buenos Ayres

I will proceed to sell by public auction these splendid camps in small and large lots at the very low base of 70 cents moneda nacional the hectare. As I have stated above these camps are bycicated to the value of 90,000 Cedulas Nacionales C, which will be divided proportionally by the Bank to each buyer, or at option pay the Cedulas or continue them at the price in the Bolsa and current rates of the market the day before the signature of the titles, so that with a very small disbursement of money or without any one can acquire excellent camps.

The sale will be effected in the order established in the plans with option of taking one or more lots.

In order that those who are interested in the purchase of these lands shall have an opportunity of going or sending to inspect the place and becoming convinced that the quality and value of them are as we stated these lands are now advertized much in advance of the sale.

The seller will assign in the titles the right of each buyer to the service of writer for irrigation and to the use of aqueducts to the camp without frontage on the river.

For plans and other data and to see and inspect the titles which are without flaw, having been granted by the Government to the actual owner and seller, at my office and sale-rooms 566 Piedad Buenos Aires.

Every buyer without exception will deposit 10 o/o on account of price when he signs the boleto.
